## SKILLS

SAP Production Planning

SAP Manufacturing Execution

SAP Plant Maintenance

SAP Quality Management

Manufacturing Execution System (MES)

SAP Warehouse Management

With over 15 years of experience in SAP Configuration, Implementation, and on-site support, I am a seasoned SAP professional specializing in Production Planning (PP), Plant Maintenance (PM), and Quality Management (QM) modules. I have successfully led full implementation cycles from Blue Printing to Realization and Go-Live, excelling in System Implementation & Integration, Training, Defect Management, and Test Management. I am known for my initiative, multitasking abilities, commitment, leadership, and result-oriented approach, with a strong customer focus and a knack for resolving complex issues.

## WORK EXPERIENCE

### DSR Global

Feb 2020 - Present
